EPR PACKAGING-PORTAL

All companies operating in the European Union that manufacture products or trade goods must comply with sets of regulations, which includes adhering to the extended producer responsibility (EPR). Each EU member state has its own unique regulations, which can be overwhelming to keep track of a lot of different laws.

Benefits

- ✓ All national regulations are conveniently stored in one place
- ✓ Our portal is 24/7 available
- ✓ You will remain up-to-date with current news
- ✓ You can concentrate on your core business
